

Flagstaff Festival of Science: *Engineering Solutions*, Sept. 22 - Oct 1, 2017

Open House—Field Trip—Science in the Park —Talks — Afterschool Workshops

PRESENTER / EVENT FORM

As the 21st century has ushered in a new era of technological advances that are saving lives, healing injuries, developing sustainable energy, exploring planets, sequencing genomes, and setting an astounding pace for discovery, the **2017 Flagstaff Festival of Science, Engineering Solutions**, will explore innovations that are improving our quality of life and advancing science. World-class mountaineer and motivational speaker **Kyle Maynard** is scheduled to kick off Northern Arizona's 28th annual **Flagstaff Festival of Science as the Shoemaker Keynote Presenter at 7p.m., Friday, Sept. 22**, in Northern Arizona University's Ardrey Auditorium.

FEATURING MOUNTAINEER KYLE MAYNARD: INSPIRING THE WORLD WITH THE POWER OF TECHNOLOGY, CREATIVITY AND THE HUMAN SPIRIT

Science in the Park will be 10 a.m. – 2 p.m., Saturday, Sept. 24, at Wheeler Park. A processing fee of \$35 is required for all Science in the Park participants who are not already Festival sponsors to help cover Wheeler Park Fees (please submit a check payable to the Flagstaff Festival of Science with this completed form). **A representative from each Science in the Park participating organization must sign and submit page 2.**

After School Talks will be at 4 & 5 p.m., M-F Sept. 25 – 29 at Lowell Observatory. **Twilight Talks** will be at 6:30 p.m., M-F Sept. 25 – 29 at the Museum of Northern Arizona. Open Houses and Field Trips are usually scheduled on the weekends. ***New* After School Workshops** are scheduled in the afternoon/early evening or weekends and should be interactive. Please contact Kathy Farretta at info@scifest.org with questions.

In-School Presentations will occur during and around the time of the Festival. Please complete a separate form found on the website: www.scifest.org or contact jworssam@fUSD1.org.

Feel free to be as imaginative as you like with titles and descriptions, playing off the *Engineering Solutions* theme if possible. **Completed forms are due Friday, April 28, 2017.** Email to info@scifest.org or mail to P.O. Box 22402, Flagstaff, AZ 86002. Events will be confirmed in June. Call 928.380.4349 for information.

Organization Name: _____ **Phone:** _____

The Festival is required to make sure all Science in the Park participants understand and abide by the City of Flagstaff Parks and Recreation rules. **Please review the following, sign and submit (with a \$35 check to the Festival if you are not already a sponsor) by Friday, April 28, 2017 to:**

Flagstaff Festival of Science
P.O. Box 22402

Flagstaff, AZ 86002-2402 FEATURING: INSPIRING THE WORLD WITH THE POWER OF TECHNOLOGY, CREATIVITY AND THE HUMAN SPIRIT

All participating organizations must bring their own tables, chairs and shade cover if desired. All tents and canopies need to be weighted down on all four corners, regardless of the weather. This means weights (such as buckets with sand or rocks, for example) must be tethered to all poles. Stakes are *not* allowed in the park grounds.

Any tents/canopies that are larger than 200 square feet require a special permit. Please contact Festival coordinator Bonnie Stevens (928.380.4349) if you will be using a large tent.

Nothing may be attached to trees including rope or string to hold up anything, such as signs/banners.

No vehicles are allowed on the park lawn.

Water or electricity needs, or the use of generators, must be coordinated with the Festival coordinator.

Any hoses or cables on the ground must be covered to prevent tripping.

Water hoses from the City of Flagstaff building to Wheeler Park must be run under the bridge rather than across the street.

Participating Science in the Park organizations and visitors will not be allowed to park vehicles in the library and Wheeler Park parking lots. Those who need to drop off materials for booths may do so quickly from the Wheeler Park parking lot before 9 a.m., Saturday, Sept. 23. That parking lot will reopen after 2 p.m.

Those who plan to use the Wheeler Park parking lot for activities need to work with the coordinator.

Nothing may be sold at Science in the Park.

All participating organizations must have a representative meet with the Festival coordinator by 8:30 a.m., Saturday, Sept. 23, or prior to that day, for booth location.

All participating organizations are responsible for cleaning up their booth areas, including trash.

All participating organizations should be prepared with stamps (or stickers) to stamp Festival Passports.

I _____, representing _____, have read and agree to the above requirements.
